Response to Amendment

The following is in response to the amendment filed on December 1, 2003.

Claims 6-24 and 29-39 are allowed.

Reasons for Allowance

Claims 36-39 are allowed primarily for the additional feature of transferring and advancing an uncreped, through-dried web from a dryer to a rolled product through a series of processing devices which act on the web while the web is continuously supported on a plurality of conveyors.

This feature was indicated in the previous office action as being allowable.

Claims 6-24 and 29-35 are allowed for reasons given previously.

Response to Arguments

Applicant's amendments to claim 36 and the supporting arguments have overcome the rejection of this claim and all dependent claims therefrom as set forth in previous office actions.
